MEMORANDUM FOR: Contracting Officer

ATTENTION : [REDACTED] 25X1A

SUBJECT : Procurement of "N" Rack for Headquarters Use.

1. A review of the procurement status and allocation of "N" racks has indicated that in order to provide Headquarters with a production type equipment, it will be necessary to add an additional equipment to the existing contract. This condition is a result of a cutback in the procurement of readout equipment, which would result in Headquarters being without an "N" rack, since the quantity of "N" racks presently under procurement is sufficient to satisfy only "Fog's" requirements.

2. It is therefore requested that an additional "N" rack be procured for Headquarters' use.
